prac in Primary class.

**Tuesday 15<sup>th</sup> May**  
NAPLAN

**Wednesday 16<sup>th</sup> May**  
NAPLAN

**Thursday 17<sup>th</sup> May**  
NAPLAN

### Principal's Message

We only have two weeks left before the end of term one. Where have all the weeks gone? Staff and students will be busy engaging in the many learning opportunities presented.

### Three Way Interviews

Staff will be available for three way interviews (parents, students and teachers) next week on Wednesday 11<sup>th</sup> April from 9am-4pm. Please contact the office if you are interested and book your preferred 15 minute time slot to discuss how your child is going and receive an end of Term One Progress Report. This report will give parents ideas for how they can help with learning at home.

### State PSSA Swimming Carnival

Good luck to our Tharbogang PS PP5 (Peter Dobson) relay team of **Jack Furner, Julia Sergi, Fletcher and Harry Robertson**, who placed first at the Riverina PSSA swimming carnival in Albury. They have now qualified to compete at the State carnival in Sydney on 11<sup>th</sup> and 12<sup>th</sup> April (Week 11). On behalf of the whole school community I would like to wish them all the very best in Sydney next week. **GO TEAM THARBOGANG.**

### Merit Award

Congratulations to our Merit Award winners for Week 9.

**Back:** Liliana Ah Kee, Harry Furner, Zoya Syed, Ava Sillis

**Front:** Emerson Brown, Bavneet Kaur, Charnee Favero, Mason Clemson, Lensoviator Leung Wai

### **Whole School Assembly**

Our final whole school assembly for Term One will be held this Friday 6<sup>th</sup> April. It will commence at 2.45pm. Please join us in celebrating student learning and achievement at Tharbogang Public School.

### **School Voluntary Contributions**

Thank you to those families who have already paid their 2018 voluntary school contribution which has remained the same as previous years: \$50 per student or \$80 per family. This assists the school to provide a little extra for the students.

### **Easter Activities**

Thank you to all our wonderful parents, grandparents, families and friends who joined us to celebrate Easter. Students created excellent hats for the parade and enjoyed all the activities. Congratulations to the winners of our SRC raffle.

### **Professional Learning**

This week, Mrs Nixon has Positive Behaviour for Learning training on Wednesday and Thursday and L3 training on Friday. Mrs Primrose will be providing continuity by teaching K-2 for the three days. I have a Primary Principals Association meeting on Friday and Mrs D. will have my class as normal.

### **Harmony Day**

Thank you to everyone who supported our Harmony Day celebrations. What a fantastic day

we all had. Everyone was treated to a delicious selection of multicultural food and learned about different cultures from around the world.

Have a safe and relaxing holiday break.

Term one ends on Friday 13<sup>th</sup> April. Term 2 for students begins on Tuesday 1<sup>st</sup> May.

Keep Smiling and Be Happy,

*Cheryle*

**Quote of the Week**

"It is the courage you find during life's difficult times that makes your soul grow."

- Adele Basheer

**Winter Uniforms**

Orders for Winter uniforms will be taken soon, so please have a think about what you may need to order for your child

## **P&C Meeting**

### **Tuesday 3rd April-7pm**

**We have no secretary at the moment. Please consider taking on this role and helping. Not a difficult job.**

# Year 3-6

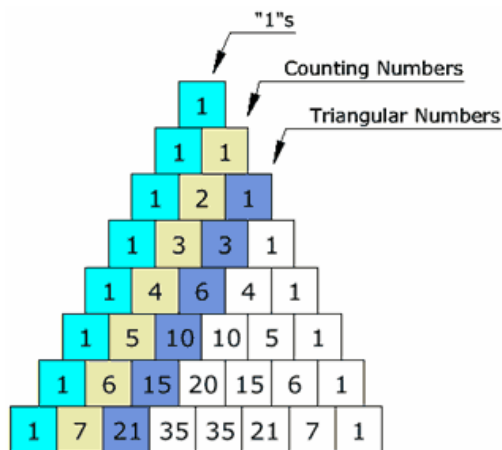

## Classroom Learning Focus Areas

### English- Writing and Representing/Vocabulary

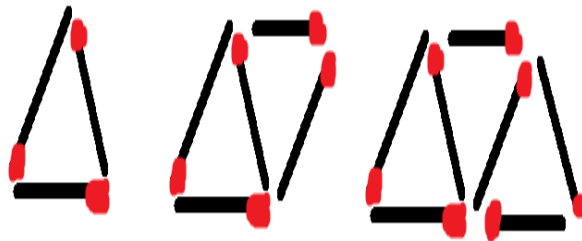

Students will be identifying and exploring underlying themes and central storylines in imaginative texts. They will be planning, drafting and publishing imaginative texts, choosing and experimenting with text structures, language features, images and digital resources. Everyone will be learning to understand that choices in grammar, punctuation and vocabulary contribute to the effectiveness of texts.

### Maths- Patterns and Algebra

Stage 2: Students will be generalising properties of odd and even numbers, generating number patterns, and completing simple number sentences by calculating missing values.

Stage 3: Students will be identifying, continuing and creating

simple number patterns involving addition and subtraction. They will use a number line or other diagram to create patterns involving fractions or decimals.

Creative Arts – The visual art focus for the last 2 weeks of term will be on imaginary creatures such as dragons. They will be drawing them using different techniques and discussing similarities and differences with the insects drawn in previous weeks.

Physical Education – Morning fitness will continue to develop ball skills and improve cardio fitness. Playing games involving teamwork and sportsmanship will provide opportunities for these skills to improve.

Science – Sudden geographical changes or extreme weather conditions can affect Earth's surface, e.g. Earthquakes, volcanic eruptions or tsunamis in the Asian region or throughout the world. Students will investigate a recent Australian example of the effect on the Earth's surface of extreme weather conditions, eg. cyclones, droughts or floods.

Individual and Whole Class Rewards – Each student receives a reward for every 10 Class Dojo points they receive. They also receive table points as well. All these points contribute to whole class points. The class receives a reward for every 250 points. They will be receiving their second reward this week, having reached over 500 Class Points. Well done class and keep up the great learning.

Mrs Glyde

# K-2 News

It has been a very busy past two weeks in K-2. Last week K-2 had Mrs. Primrose on Friday while I attended L3 (Language, Learning and Literacy) training in Narrandera. I look forward to implementing strategies from this training into our class over the coming week.

## English

We have been studying the text 'Sebastian Lives in a Hat' for the past week. We have looked at what makes a book a book, sentence structures and analysed illustrations. Kindergarten enjoyed making wombat masks.

## Math

During math we have been looking at addition, ordering numbers, what comes before and after a certain number, multiplication and length. The students have enjoyed using non-metric measurements to measure various lengths around the room.

## Science

We are continuing to explore our topic 'Paddock to Plate' as we have looked at what apple trees need to grow apples and have studied dairy cows. Students have used illustrations to show what an apple tree needs to be able to grow apples.

## Creative Arts

We have been mixing colours to create colour wheels. K-2 really enjoyed this processor discovery and creativity. We then turned our colour wheels into mice.

## Home Readers

All K-2 students have now had their home readers sent home. Just a reminder that students will be rewarded for every 5 nights they read and record. Please do not hesitate to ask any questions regarding home readers.
