Principal's Message

I cannot believe it is Week 8 already. With only 4 more weeks until the end of the 2021 school year, it will certainly be a very busy time for our whole school community.

K-6 will begin 2 weeks of intensive swimming so be sure to pack extra food and water for them to refuel their bodies.

In consultation with the current Department of Education guidelines and our Director, Mr Andrew Pryor, our Annual Presentation Night has been finalized. We are able to host our presentation event at school on Thursday 9 December at 6.30pm. We have been given **permission to invite 2 fully vaccinated parents** per family to attend (Please note parents cannot interchange their position with anyone else). Proof of vaccination will need to be sighted by the school before attendance is permitted. Due to Department COVID guidelines there will be no supper after the presentations. A screenshot of the latest advice from the department regarding presentations is attached. We are very lucky to be able to invite parents this year and would appreciate everyone's cooperation in adhering to these rules. We understand that siblings, grandparents, and other community members will be disappointed not to join us, but the alternative was to have no parents at all. Thank you for your cooperation.

Current Guidelines

Assemblies and Presentations will be allowed outdoors on site. Cohorts will be separated with physical distancing in place where practicable.

Fully vaccinated visitors (including parents and carers) are only allowed to attend if completing a specific role (such as presenting and at the invitation of the school). All visitors must check in using the school Check-In and show proof of vaccination.

Staff are busy writing student Semester 2 reports which will be ready to go home in Week 10. Parents have the opportunity to contact Teachers to discuss these reports.

Jobs For Local Electricians

The LED Lighting Upgrade Program needs local electricians to install upgraded lighting at our school and potentially others in our local area. The Department is hiring electricians to do this work **right now**.

If we have electricians in our school community, register for the Local Trades Scheme, which is where jobs are posted. Registration is free.
